And the climax, and ultimate resolution to the quandary of America's fate is coming to a head. If Americans don't wake up shorty, a nightmare of epic proportions will swallow us whole, for better or for worse. Professor Harlan Watt has devised a way for us to reboot the American Dream. But as Professor Watt soon finds out: It's not a piece of cake trying to alter history's inevitable course. The one percent, can't allow its subjects to thwart their destiny. Power and greed will be the straw that broke the camel's back, crushing everything America has stood for the last three-hundred plus years. Will true democracy prevail, or must we become survivalists, whose dreams of a better life have vanished from view? Thailand is the major setting of this novel, with cameo settings in both North America and Malaysia. A novel you won't soon forget.
