

Shipcraft 19: County Class Cruisers (Paperback)

By Les Brown

Pen Sword Books Ltd, United Kingdom, 2015. Paperback. Condition: New. Language: English . Brand New Book. The ShipCraft series provides in-depth information about building and modifying model kits of famous warship types. Lavishly illustrated, each book takes the modeller through a brief history of the subject class, highlighting differences between sister-ships and changes in their appearance over their careers. This includes paint schemes and camouflage, featuring colour profiles and highly-detailed line drawings and scale plans. The modelling section reviews the strengths and weaknesses of available kits, lists commercial accessory sets for super-detailing of the ships, and provides hints on modifying and improving the basic kit. This is followed by an extensive photographic gallery of selected high-quality models in a variety of scales, and the book concludes with a section on research references - books, monographs, large-scale plans and relevant websites. This volume covers the British 10,000-ton Treaty Cruisers , thirteen of which were built to three slightly varying designs between the wars. With three funnels and a high freeboard, they were impressive ships, and all enjoyed very active wartime careers - three were involved in the Bismarck action and another with the sinking of the Scharnhorst.
