

Shades of Earth

By Beth Revis

Paperback. Book Condition: New. Not Signed; Shades of Earth is the final novel in the teenage romantic science fiction trilogy, from New York Times bestseller Beth Revis, author of Across the Universe and A Million Suns . Perfect for all fans of The Hunger Games . Across the Universe was longlisted for the prestigious Carnegie Medal. Amy and Elder have finally left the oppressive walls of the spaceship Godspeed behind. They're ready to start life afresh - to build a home - on Centauri-Earth, the planet that Amy has traveled 25 trillion miles across the universe to experience. But this new Earth isn't the paradise that Amy had been hoping for. Amy and Elder must race to uncover who - or what - else is out there if they are to have any hope of saving their struggling colony and building a future together. But each new discovery brings more danger. And if their colony collapses then everything they have sacrificed - friends, family, life on Earth - will have been meaningless. Praise for the Across the Universe trilogy: A murder mystery, a budding romance and a dystopian world gracefully integrated into a sci-fi novel that blows away all expectation
