Learn How to Develop More Confidence in Your Abilities and Achieve Your Goals Most of us have no problems identifying goals we want to accomplish. It's putting these plans into action that is difficult. Sometimes we lack discipline or motivation. However, there's another reason why you might struggle to make changes in your life - you have low self-efficacy. What is self-efficacy? What are the main four sources of it? How can you develop more confidence in your abilities? These are some of the questions I'll answer in this short book. The advice you're about to read is based both on scientific research and my personal experience. I will share fundamental knowledge that will help you build more confidence in your abilities and reach your goals. Here are just a few things you will learn from the book: - Five characteristics of people with strong self-efficacy and five characteristics of people with weak self-efficacy. These behaviors determine whether you'll realize your full potential or succumb to mediocrity. - What you can learn from building a university in space (and what it has to do with the belief in your own abilities). It's the single most important thing to achieve bigger and bigger goals. - A simple therapy to teach you how to handle failure the right way. It's uncomfortable, but you can be sure it will kill your fear of failure once and for all. - What a strange study about hitting dolls or treating them kindly can teach you about how others affect your beliefs about your competence. It's the second most effective way to increase the...
