Brand New Book ***** Print on Demand *****.This book has a fresh style and unique view and is a synthesis of the author s combined creativity, passion, and practicality. The poetry and paintings are compositions that use quantum physics to tell a story in another dimension. Ordinary images are manipulated to depict a different level of reflection. The words from the poem become animated by the inspiration for the painting. This work challenges cultural and societal norms in an effort to communicate messages that reach people on a number of levels.
