

Code Name Oath 19 (Paperback)

By George M James

Createspace Independent Publishing Platform, 2017. Paperback. Condition: New. Language: English . Brand New Book ***** Print on Demand *****. In Code Name Oath 19, we look at Special Forces diving and more specifically, technical diving as it is known. That is where you must decompress before coming to the surface again, usually, depending on physical fitness, when you are deeper than 130 feet. This is not the same as Special Forces attack diving where rebreathers are used (they don't give out bubbles and can be used for many hours at a time). There, the attack divers are never deep enough to need to decompress. That is the traditional method used when sabotaging something underwater, a Special Forces speciality, a ship or barge (like Angelique did during Code Name Green 41), planting limpet mines and then disappearing again without being noticed. You may also use rebreathers with the typical attack diving method when inserting into hostile coasts. You swim in or sail underwater in an SDV (Special Delivery Vehicle) launched from either a surface warship (described in Code Name Ndebele 14) or a submarine or even by airdrop (described in Code Name Ghost). You cannot go deep with such apparatus,...

Reviews

The publication is simple in go through preferable to fully grasp. I am quite late in start reading this one, but better then never. It is extremely difficult to leave it before concluding, once you begin to read the book.
