Reviews

Good electronic book and valuable one. It is one of the most incredible publication we have read through. It is extremely difficult to leave it before concluding, once you begin to read the book.

ART IN THE NETHERLANDS (DODO PRESS) (PAPERBACK)

Dodo Press, United Kingdom, 2009. Paperback. Condition: New. Language: English . Brand New Book ***** Print on Demand *****.Hippolyte Adolphe Taine (1828-1893) was a French critic and historian. He was the chief theoretical influence of French naturalism, a major proponent of sociological positivism, and one of the first practitioners of historicist criticism. Literary historicism as a critical movement has been said to originate with him. Taine is particularly remembered for his threepronged approach to the contextual study of a work of art, based on the aspects of what he called race, milieu, and moment. Taine had a profound effect on French literature; the 1911 Encyclopedia Britannica asserted that the tone which pervades the works of Zola, Bourget and Maupassant can be immediately attributed to the influence we call Taine s. His works include: The French Revolution (1877), The Ancient Regime (1881) and The Modern Regime (1890).
