

## Frankenstein the Graphic Novel: Original Text (Paperback)

Filesize: 4.85 MB

### **Reviews**

*An exceptional ebook along with the typeface employed was intriguing to see. It really is simplistic but surprises within the fifty percent of the ebook. It is extremely difficult to leave it before concluding, once you begin to read the book.*  
(Brian Miller)

Classical Comics, 2008. Paperback. Condition: New. Reprint. Language: English . Brand New Book. Conceived as part of a literary game among friends in 1816, Mary Shelley's Frankenstein is today regarded as a classic piece of 19th century literature. The story begins with the journey of an adventurer, Robert Walton, who saves the life of a man at the North Pole. That man, Victor Frankenstein, tells Walton about his experiments with the creation of life and how he ended up at the North Pole. Through this simple plot device, Shelley was able to deal with serious real-world issues like acceptance, tolerance, and understanding, as well as the universal human need for companionship and love. The novel, of course, inspired a host of films, from the 1931 classic starring Boris Karloff to Andy Warhol's Frankenstein, and more recently, a series of novels by Dean Koontz. This version, though slightly abridged, retains much of the original dialogue and remains true to Shelley's brilliant vision.
