

The Women Who Made New York

By Scelfo, Julie

Seal Press, Berkley, California, 2016. Hardcover. Condition: New. Heald, Hallie (illustrator). Carefully handled, Text clean, Bindings firm. ----- 'Forgetting-and belatedly remembering-women is a historiographical tradition as old as history itself. The Women Who Made New York positions itself as an antidote to that process. With its romantic illustrations and requisite three pages dedicated to Joan Didion, it would be easy to dismiss The Women Who Made New York as mere gifting bait for anyone with a niece at Barnard College. (And to be clear, your niece probably will love this.) But for every tale that makes you pump your fist in triumph, there is one that makes you clench your jaw in anger.' ---New York Times Book Review.
