Forgotten Books, 2017. Paperback. Condition: New. Language: English . Brand New Book ***** Print on Demand *****. Excerpt from Popular Government, Vol. 22: March 1956 First, for over 24 years, the state has had complete responsibility for the maintenance and improvement of all the public roads in the state. North Carolina was the first state in the nation to take such action, completely relieving the counties and townships of all local roads in 1931. Since that date, the motor vehicle, and not real property, has furnished all the tax revenues for the building, improvement and upkeep of all local roads. As well as state highways. Second, the state has financed a more expensive program of secondary road improvements than has any other state in recent years. During the five years ending June 30, 1954, the state spent \$350 million on this system; and, since 1931, the state has expended over \$600 million on this system. Both figures include Federal Aid.
