Overlook Press, United States, 2015. Hardback. Condition: New. Language: English . Brand New Book. From its origins in the seventh century, Islamic finance has sought to develop core ethical principles that are based in the foundations of Islam and Shari a. By engaging critically with the complexities of international finance, it has evolved and adapted into a world emerging from the economic and moral aftermath of a global financial crisis. But with an increasing Western interest, is it able to remain true to the principles of its faith? Can it maintain its ideals of social justice? Or is Islamic finance guilty of the very dangers it seeks to avoid InHeaven s Bankers, Harris Irfan, one of the world s leading Islamic finance bankers, gives unparalleled insight into the heart of this secretive industry. From his personal ex-perience of working with leading bankers, scholars and law-yers, he debunks the myths of Islamic banking, analyzes its greatest deals and looks to the future of a system that has reprioritized the very nature of money itself.
